

5 Bullet Points

TORONTO SPARK MEETUP #4

DECEMBER 14, 2015

- SAM TALASILA

WHAT?
WHY?

What it looks like?

Hello Friends,

As showcased during one of our recent Toronto Apache Spark Meetup, The 5 Bullet Points is an effort every month to provide you content about five essential developments in Spark Eco-system or related fields that would be of interest to any user or student of Spark.

5 Bullets - December, 2015

- **News, Announcements and Reviews:**
 - 3 Major Things You Should Know About Apache Spark 1.6
 - <http://goo.gl/pBV1w3>
- **Papers and Presentations:**
 - Everyday I'm Shuffling - Tips for Writing Better Spark Programs
 - <http://goo.gl/R25fjJ>
 - Hidden Technical Debt in Machine Learning Systems
 - <http://goo.gl/L0OugQ>
- **Introduction to Spark:**
 - One year on: Apache Spark continues a winning battle against data management misery
 - <http://goo.gl/xxzTV2>
 - First Steps with Spark - Screencast
 - <http://goo.gl/IyXqYf>

Found something that blows you away? Submit it, so the rest of the community can revel in its awesomeness. Via web-form: <http://goo.gl/forms/5K9Ua4kli2> or submit a pr: <https://github.com/samtalasila/Spark-Meetup-Five-Bullet-Points>
